NOTICE OF CLARIFICATION TO THE CALL FOR ADMISSION TO THE DOCTORAL PROGRAMS AT SCUOLA SUPERIORE MERIDIONALE

Please be informed that all candidates interested in applying for the Call for Admission to the Doctoral Program in Mathematical and Physical Sciences for Advanced Materials and Technologies (MPHS) are required to submit a scientific report in English (maximum 2,500 words/15,000 characters, including a brief bibliography). The report should aim to demonstrate the candidate's knowledge of the state of the art in the field, their scientific and methodological proficiency, as well as to allow the verification of their scientific interests and their alignment with the research lines promoted by the SSM, in accordance with Article 4, letter f) of the Call, which prevails over any differing indication provided in the technical sheet related to the MPHS area attached to the Call. All other conditions remain unchanged.
